Soil Humidity Hygrometer Moisture Detection Sensor Module Arduino w/Dupont Wires

Product information

Description:

- 1. This is a simple water sensor can be used to detect soil moisture when the soil moisture deficit module outputs a high level, and vice versa o sensor produced an automatic plant waterer device, so that the plants in your garden without people to manage.
- 2. Sensitivity adjustable the blue digital potentiometer adjustment (Figure)
- 3. Operating voltage 3.3V-5V
- 4. Module dual output mode, digital output, analog output more accurate.
- 5. With fixed bolt hole for easy installation
- 6. PCB size: 3cm * 1.6cm
- 7. Power indicator (red) and digital switching output indicator (green)
- 8. Comparator LM393 chip, stable
- **Interface Description (4-wire)**
 1. VCC: .3 V-5V
 2. GND: GND
 3. DO: digital output interface (0 and 1)
 4. AO: Analog Output Interface
- **Instructions for use**
 1. Soil moisture module is most sensitive to the ambient humidity is generally used to detect the moisture content of the soil.
 2. Module to reach the threshold value is set in the soil moisture, DO port output high, when the the soil humidity exceeds a set threshold value, the module D0 output low;
 3. The digital output D0 can be connected directly with the microcontroller to detect high and low by the microcontroller to detect soil moisture;
 4. The digital outputs DO shop relay module can directly drive the buzzer module, which can form a soil moisture alarm equipment;
 5. Analog output AO and AD module connected through the AD converter, you can get more precise values of soil moisture;
- **Package content:**
 - 1 x Soil moisture module
 - 1 x Soil moisture sensor
 - 2 x Dupont Lines

Payment

Payment	Payable To	Note
PayPal		All payments are due within 7 days of the close of auction, non-paying bidders will be reported to eBay.

Shipping Policy

Delivery Time	We ship to worldwide, it usually takes 10-30 Business Days to delivery.
Shipping address	We ship to your PayPal address. Please, make sure to provide us with correct, precise, and detailed shipping address.
Send Time	Items will be shipped within 1 to 3 business days upon payment received or cleared.
Note	If you don't receive items over 30 business days, please notify us via eBay message.

Return Policy

We appreciate your business and offer an instant 7 days return policy.(7 days after receive the item). The returned item has to be in its original condition. We are able to refund your money without shipping cost.

Contact us

For anything about product, price, shipping or order status, please contact us via eBay message. We love positive feedback and 5 scores DSR. We will leave it for everyone that leaves it for us.

It works!

It is easy to connect, has high quality components and data readout is correct. I can just guess how long it will last, but having quality of build in mind, it will work for long.
